

Corporate Workshops

Cool Cats offers a variety of introductory dance workshops that are fun and provide something a little different for your corporate event or staff support programs. Workshops are available in many dance styles and can be tailored to suit partnerships, families, individuals or general social interaction.

Fun in the Workplace

'Retro' dancing (Blues, Swing, Rock 'n' Roll, Rockabilly) is a fun, energetic, and healthy activity that encourages social involvement, communication, confidence, self worth and other interpersonal skills relevant to the workplace. Dancing is great for people of all ages and ability and may be readily adjusted to suit families, couples, or individuals. Cool Cats dance workshops offer a flexible and engaging activity for inclusion in any corporate events or rewards program.

Sponsored dance workshops and demonstrations can also be a wonderful way to give back to your community and help develop/demonstrate corporate good will.

Workshop Formats

Cool Cats offers introductory workshops in Jive, Rock 'n' Roll, Rockabilly, 4-Beat, and Swing dance styles in 1.5hr and 2.5hr formats. Short (1.5hr) workshops cover the essential dance figures in the chosen style; Long (2.5hr) workshops may introduce selected intermediate dance figures, a second related dance style, or group interaction/participation component.

All workshops are scheduled in accordance with our existing lesson commitments and should be arranged at least 2 months in advance to ensure availability. Venue arrangement and corporate event promotion remain the responsibility of the organiser. Workshop costs are as follows:

- 1.5hr Workshop - \$200 (\$150 for Public Service Organisations and Community Groups such as hospitals, welfare agencies, volunteer groups).
- 2.5hr Workshop - \$350 (\$300 for Public Service Organisations and Community Groups such as hospitals, welfare agencies, volunteer groups).
- A fuel surcharge may apply for workshops held outside the central Perth metropolitan area.

Tailored Workshops & Demonstrations

Do you have a specific theme or goal that you would like to incorporate into your workshop? For example, how about dancing to the Beach Boys for a Beach Party? Or if you are holding a family fun day, inclusion of parent/child activities or perhaps some practice to the latest pop-rock music? Whatever it is that you would like to do that will help make your event special, we would like to help if we can.

Please contact us if you wish to develop a tailored workshop or include/prefer dance performance. The following restrictions may apply:

- While we have access to a broad variety of dance music, for themed workshops you may need to supply suitable music.
- According to the scale of performance, dance demonstrations are limited by the availability of the dancers. We will be better able to provide the performance you want with greater notice.
- Costs for tailored workshops and demonstrations vary according to the extent of deviation required from our standard workshop formats.
